# SPA BODY MASSAGE

WITH HOT STONES

**A \$10 VALUE**

The use of hot stones is excellent because their use promotes circulation and acts as a powerful decongestant of the body.

Hot stone massage can help revitalize and rejuvenate many areas of the body. Provided no other contraindications are present, hot stone massage is clearly indicated for:

**reducing puffy eyes**

**lowering sinus pressure**

**headache relief**

**pain & other sports injuries**
